## PLATINUM SHIELD Floor Finish

This metal-crosslinked, modified acrylic floor finish provides excellent lay down gloss and superior response to high speed burnishing. It can be maintained with either conventional low-speed programs or infrequent (2-3 times a week) high speed burnishing.

### USE DIRECTIONS (New or existing floors)

- 1) Thoroughly strip floor with a stripper.
  - 2) Rinse floor thoroughly with clean water.
  - 3) Apply a sealer base (optional) to worn floors or high traffic floors to improve wear-resistance and enhance gloss.
  - 4) Apply 2-4 coats of floor finish in uniform thin coats allowing time to dry thoroughly between coats. Allow for longer drying time in damp weather.
- ### MAINTENANCE
- 1) Sweep as necessary.
  - 2) Damp mop or scrub lightly with a mild, neutral detergent.
  - 3) Spray buff or buff lightly with appropriate pad. Also excellent for high-speed buffing.
  - 4) In high traffic areas, recoat worn spots as necessary.
