A concentrated solvent degreaser formulated to emulsify grease, carbon deposits and floor finishes. An excellent all purpose degreaser.

DIRECTIONS

Dilute 4 ounces per gallon for general degreasing and routine maintenance. More concentrated dilution may be required depending on the accumulations of grease and oily substances.

TIRES: For best results, wet tire, then spray on. Allow to stand for about 30 seconds, then hose tire off. Only heaviest curb marks and scuffs will require second application.

HARMLESS TO RUBBER

COIL AND FIN CLEANING: Use undiluted or dilute up to one part concentrate to four parts water and spray directly onto coils and fins. Let stand for 3 to 5 minutes then rinse with clear water. For continual cleaning, dilute one part concentrate to eight parts water and spray directly on coils and fins.
