

Japanese Pear

Concentrated Water Based Odor Control

Odor Control

Description

This odor control product is water soluble and may be added to cleaning solutions or used as an after-spray treatment. It is a unique blend of water soluble fragrances designed to provide a light pleasant smell wherever needed.

Features & Benefits

- Economical Odor Control
- Pleasant fragrance
- Non Staining formula
- Freshen up any area

Directions for Use

Deodorizing: Apply the product diluted 6 to 12 ounces per gallon of water in a fine mist or spray directly and thoroughly to source of malodor. In all cases, clean-up and remove all organic material if possible. Ventilate area thoroughly after application of product.

Cleaning Solution Additive: Add 4 to 6 ounces per gallon of water in cleaning, carpet shampoo, carpet extractor, and mopping solutions. Will not affect cleaning ability or detergency of cleaners.
